MANY CHAMPIONS HAD MR. BILLINGS

His Retirement From the Turf Ends a Most Remarkable Career.

trable Showing Wonderful Horses Owned at One Time by Big Turfman-Some of the Records.

The retirement of C. K. G. Billings from the light harness sport has brought to an end a remarkable career for one fond lover of the horse, says a dispatch from Cleveland. When Mr. Billings turned his fine, large stable at Glenville over to Charles Tanner recently, a very different lot of horses were placed in this "stable for champions," as the stable could well be referred to when Mr. Billings was deeply associated with the light harness game. From now on the caliber of horses to be placed in this barn will not be a cheap lot, not by any means, but it is hardly expected that ever again will one

cheap lot, not by any means, but it is hardly expected that ever again will one man own so many champions as Mr. Billings and had them all stabled in one barn at one time or the other.

To give some idea or the high class lot of breeders this New York gentleman owned at one time can be illustrated in part by the fact that upon one visit to dienville Mr. Billings rode thirty-seven heats one day better than 2:15, and at least twenty of those were better than 2:16. That is a record to be shot at, but it is feared that it will go unharmed for many years to come, as such feats are as scarce as fair weather this spring.

Doc Tanner had charge of every one of these spirited flyers that were stabled at Glenville, and it was due in no small degree to the careful attention and expert training these hores were given that made it possible for them to show so much speed.

To start with, Mr. Billings owned the trotting queen, Lou Dillon, and the king of all the geldings. Major Delmar, the only two trotters up to date that have stepped a mile below the two-minute mark.

Lou Dillon holds the world's record of 1.53% to sulky, while she has a mark of

stepped a mile below the two-minute mark.

Lou Dillon holds the world's record of 1:58½ to sulky, while she has a mark of 2:00 to wagon and 2:05 to high wheels. Major Delmai, the world's champion gelding, has a record of 1:59½ to sulky. 2:03½ to wagon, and has been a halimile in one minute flat. These two speed merchants may never be able to cut another fraction from their mark and will likely never reach their mark again, as Lou Dillon has been retired to the stud, and it is hardly expected that Major Delmar, speedy as he is, will be able to beat two minutes in the future.

This trotter may surprise some people this season, however, as he will be trained by Alta McDonald and may show better form than is anticipated.

In view of the remarkable stable of horses Mr. Billings has had a table showing the horses that he has owned gnd were stabled at the Glenville track is given below.

given below.

Following is a list of the horses which are owned by Mr. Billings, were trained by Doc Tanner and were stabled in the

"I had been a great sufferer for 15 years. At the time I commenced taking Dr. Miles' Heart Cure I had been confined to my bed for four months. I had frequent sinking spells, semetimes as many as three in a day, during which my heart would seem to stop beating, necessitating the calling of a physician to resuscitate me. Before finishing the first bottle the sinking spells had ceased, and I took sitogether five bottles for a complete cure. I now enjoy perfect health, and am very grateful for this wonderful medicine, for it is the means of my being with my family now."

BIKE RACES FRIDAY.

BIKE RACES FRIDAY. Good Program Will be Given if Weather Permits.

If the weather man will be kind and con-tribute a day of sunshine and clear skies in the evening, a good program of blke races will be run off at the saucer track tomorrow evening. The events will be as follows:

White Sox Would Lose Penant.

Just supposing Cleveland was tied with Chicago for first place when Oct. 6 rolls around, the date of the final championship game.

And supposing Nick Altrock and Addie Joss were, the opposing pitchers.

Now supposing Chicago scored a run on Joss in the second, another in the fifth and another in the eighth.

Again supposing Altrock held Cleveland without a run or hit in the first eight innings, not a Nap reaching first base.

Then supposing Altrock should fan Lajoie and Clerke and then hit both Birmingham and Hiachman with the ball in the first half of the ninth and Manager Jones should press his other southpaw, Doc White, into service.

Once more supposing White should give Turner a base on balls, filling the bases.

And now supposing Manager Jones should jerk White out of the box and substitute Ed Walsh, his premier twirler, Then again supposing all of the other Naps, except the nine who are in the game, should be ill in the hospital from penantitis and Manager Lajoie should have no alternative than to leave Joss bat.

And then supposing Addie Joss should

have no alternative than to leave Joss bat.

And then supposing Addie Joss should land on the first ball pitched and drive it high into the air and the sphere should become entangled in the world's championship flag and Addie should make a home run, scoring the three men ahead of him, and Chicago should be unable to score in their half of the ninth.

Don't you think that the White Sox would remember May 14, the day set for unfurling the championship flag, when the staff broke, as a "Jonah day," and don't you think Cleveland fans would form a line from the Union depot to Toledo to welcome Joss and the other Naps?

CURLEY LIKES SQUIRES Matchmaker for Tonopah Club Says

Lincoln. Neb., June 12.—Lincoln won both games of the double header with Des Moines this afternoon, putting the champions out of first place for the first time since the season opened. All four pitchers did good work, but Unicoln's hits were bunched in both games. Australian is Like Fitz.

Jack Curley of Chicago, who is now matchmaker for the Tonopah cinb and well known to Sait Lake fight fans, passed through this city last evening on his way home from the coast. Curley is trying to match Mike Schreck and Jack Johnson for July 4. Curley saw Bill Squires while in San Francisco and watched the Australian train Curley had this to say about Squires;

"I have watched many fighters battle, but none ever impressed me so much as Squires. He is all that his backers claim for him to be and if he fails to defeat Tommy Burns on July 4, then I am a poor judge of knights of the ring. Bill has all the requirements of a champion and can use them to good advantage. He is another Fitz and will beat Burns in less than ten rounds. Squires, from a side view, is an exact picture of Jack Root. He is quiet, both in speech and appearance, and is always in carnest. When in conversation, whether talking husiness or about pleasure, he carries the same stern and businesslike expression. His muscles are in splendid condition; his skin is clear and his every move proves him a well trained athlete." Australian is Like Fitz. Lost Vigor Restored

We treat MEN only and our experience in the past assures our patients straightforward and satisfactory treatment for the future. Many a MAN has lost his grip through brooding over his condition because he imagines he cannot be cured. To such we say investigate our methods of treatment and place yourself under our care and your weakness will disappear and confidence will be restored for the future. Our treatment has proved to be the best yet devised for restoring LOST VIGOR and that physical and mental incapacity which has made a wreck of so many. Our treatment for NER-VOUS DEBILITY does not stimulate temporarily but permanently. It stops

VOUS DEBILITY does not stimulate temporarily but permanently. It stops every drain of VIGOR and builds up the muscular and nervous system—revives the spirits—brightens the intellect and above all restores the WASTED POWERS. Sometimes organic weakness and LOSS OF VITALITY arises from VARICOCELE and STRICTURE in such case we have to get rid of the cause before we can obtain good effects. Too often these causes are overlooked and so in spite of any and every treatment the case does not progress and the patient often goes into physical and mental decline through want of success in curing his LOST VIGOR.

We take no cases we cannot benefit or cure so you run no risks.
